Portfolio Website

SUMMARY

As a dedicated third-year Computer Science Engineering student, I'm eager to apply my academic expertise to real-world challenges and make meaningful contributions to the tech industry. With a strong foundation in computer science principles and programming, I'm excited to enhance my practical skills and drive innovation in this dynamic field.

SKILLS

- Strong problem-solving
- Communication Skills
- HTML, CSS, JS
- ReactJS
- MongoDB
- PHP
- NodeJS
- ExpressJS

PROJECTS

Reverb - A Library Management System

Software Developer • 2020 - Present • **HTML CSS JS PHP**

- Reverb is a library management website where users can discover, read, and listen to books tailored to their preferences.*
- The platform offers a wide range of books, allowing easy navigation and access to both traditional reading and audiobooks.*
- Reverb's focus is to enhance the love for literature by providing a user-friendly interface and a diverse selection of content.*

Admin Panel

Software Engineer • 2023 - 2024 • **PHP**

- Developed a reliable admin panel for a travel agency using PHP, offering smooth management of bookings, customer data, and itinerary details.*
- The system ensures efficient handling of reservations, facilitates real-time updates, and provides comprehensive reporting tools.*
- Admins can easily track the records and can learn about the queries of the clients been mail through the contact us page in the website.*

Algorithm Visualizer

Software Developer • Jan 2023–Jul 2023 • **ReactJS**

- Algorithm Visualizer is an educational website designed for new learners seeking to understand algorithms through visualizations.*
- The platform provides a user-friendly interface that enables individuals to observe and comprehend the inner workings of various algorithms in a graphical and intuitive manner.*
- Users can select from a wide range of algorithms and input data to witness real-time visualizations, making complex algorithms more accessible and engaging for beginners.*

WORK EXPERIENCE

DevKruti Tech, Vadodara, Gujarat (Intern)

As a **PHP Developer** • Jan 2023–Jan 2024

EDUCATION

B.tech - Computer Science Engg 3rd Yr

CHARUSAT UNIVERSITY 2021-2025 CGPA : 9.45

12th HSE - Science Stream

Advait Vidhyaniketan, Bharuch Percentage: 89

CERTIFICATIONS

Data Analytics Certification

Teachnook by IIT Bhuvneshwar • 2023

iON Career Edge Program Certification

tcs iON program • 2022

ACHIEVEMENTS

- Published a research paper on Advanced Traffic Sign Detection System using ML at Springer Conference, Bangalore.
